

The Affordable Care Act prohibits health plans from applying dollar limits below a specific amount on coverage for certain benefits. This year, if a plan applies a dollar limit on the coverage it provides for certain benefits in a year, that limit must be at least \$1.25 million.

Your health coverage, offered by Connecticut General Life Insurance Company, does not meet the minimum standards required by the Affordable Care Act described above. Please see your employer’s enrollment brochure for information on their plans’ benefits and annual limits.

Your health plan has requested that the U.S. Department of Health and Human Services waive the requirement to provide coverage for certain key benefits of at least \$1.25 million this year. Your health plan has stated that meeting this minimum dollar limit this year would result in a significant increase in your premiums or a significant decrease in your access to benefits. Based on this representation, the U.S. Department of Health and Human Services has waived the requirement for your plan for a period of time, which is outlined in your employer’s enrollment brochure.

If you are concerned about your plans’ lower dollar limits on key benefits, you and your family may have other options for health coverage. For more information, go to: www.HealthCare.gov.
